Interests

Your shares in the Fund(s) held in through Flexible Cash Funds will accrue interest on a daily basis. If you withdraw money from your Flexible Cash Funds, the shares you hold in the Fund(s) will stop earning interest on the relevant settlement day. Any interest over EUR 0.01 (or currency equivalent) not withdrawn by the end of the month is automatically reinvested and the shares of the same Fund that paid out the interest are purchased on your behalf. Interests are subject to change on a daily basis. The interest displayed in the Revolut app represents the actual interest rate on the previous dealing day.

Interest is calculated daily on the shares you hold in the money market fund using the interest rate applicable on that day.
